*Join us for a conversation with alumni
and their parents*

Audience: All Current and Prospective Families

Theme: Curious about what comes after The Montessori School?

Join us for an inspiring conversation with alumni and their parents as they share how The Montessori School prepared students for success beyond our classrooms. Hear firsthand about their transitions, self-advocacy and how the Montessori foundation is helping them thrive post-graduation.

Our alumni panel and their parents will share reflections on how Montessori shaped their confidence, independence, and the skills that helped them thrive as they moved into new schools and beyond. Share your questions ahead of time with Johanna Wood at jwood@themontessorischool.us.
